[researchgate.net/profile/Sabrina-Mutiara](https://www.researchgate.net/profile/Sabrina-Mutiara)

Results-oriented Product and Project Management Officer with over 1 year of experience in technical documentation, business process analysis, and project coordination. Proficient in developing comprehensive Business Requirement Documents (BRD), Project Requirement Documents (PRD), user stories, and process flows, as well as producing detailed technical reports. Demonstrated ability to simplify complex concepts into actionable insights, driving product improvements and informed decision-making. Successfully contributed to the completion of 6+ cross-functional projects. Adept at collaborating with diverse teams, analyzing user needs, and enhancing product execution in dynamic environments, with a strong passion for technology-driven solutions.

EDUCATION

Bachelor of Informatics Engineering
Mercu Buana University

Jan 2023 - Present
GPA: 3.9/4.0

Developed software, authored academic publications explaining algorithmic solutions in accessible language for diverse audiences, authored technical documentation, and led cross-functional projects, applying problem-solving and technical skills to deliver effective solutions.

WORK EXPERIENCE

Project Management Intern
Insignia

Apr 2026 - Jul 2026
Hybrid

- Designed and developed monitoring dashboards to optimize resource allocation, increasing project progress visibility by 60%.
- Consistently delivered structured Minutes of Meeting (MoM) for 3+ project coordination meetings to ensure 100% of action items were accurately documented.
- Assisted the Project Manager in monitoring timelines and managing regular deadline reminders, reducing milestone delay risks by 80%.

Project Management Officer
PT Arafat Solusi Digital

Jan 2026 - Jul 2026
Hybrid

- Led requirements gathering and supported delivery of 3 parallel projects across F&B, Logistics, and Healthcare domains within an Agile environment.
- Coordinated cross-functional teams and 5+ stakeholders, ensuring alignment on scope, testing, and solution validation across multiple development streams.
- Monitored sprint progress, tracked deliverables, and produced sprint reports to support delivery tracking and project visibility.

Project Management Intern
PT Arafat Digital Solusi

Sep 2025 - Jan 2026
Hybrid

- Conducted system requirement gathering for projects with separate clients, ensuring clear alignment between business needs and technical solutions.
- Produced comprehensive project documentation, including Functional Specification Documents (FSD), test scenarios, and user manuals, to support development and system adoption.
- Supported User Acceptance Testing (UAT) and achieved an average 95% system conformity with documented requirements, ensuring high system quality and user satisfaction.

Project Manager Intern
Minilemon Technology

Oct 2025 - Dec 2025
Remote

- Initiated and planned an end-to-end mini project by gathering requirements, defining scope, deliverables, and a 4-week timeline, and preparing key documents (Project Charter, BRD, FSD).
- Executed and monitored project delivery with a cross-functional teams, leading weekly progress meetings, tracking risks and milestones, and maintaining on-time delivery with up to 15% risk reduction.
- Led UAT and project closing by coordinating testing, achieving 95% issue resolution, and completing final documentation and knowledge handover.

Team Manager
GDSC Mercu Buana x DataCamp Donates

Aug 2024 - Aug 2025
Hybrid

- Conducted guidelines and progress documentation for 50+ participants in a Data Science scholarship program, ensuring usability and clarity.
- Increased participant engagement by 30% through structured communication and clear documentation.
- Documented learning milestones and outcomes using dashboards and periodic reports.

Project Manager
IMpact by Indonesia Mengajar

Dec 2024 - Mar 2025
Hybrid

- Produced event strategy documents, program guidelines, and evaluation reports for a digital literacy initiative, applying principles of content management.
- Coordinated and collaborated with 5+ stakeholders to ensure program alignment and smooth execution.
- Boosted community engagement by 40% through accessible and inclusive educational content.

Project Leader
AI4Impact Chatbot Competition

Sep 2024 - Dec 2024
Hybrid

- Led the development of comprehensive conversation flow documentation and technical educational content for an AI-powered chatbot innovation.
- Achieving recognition as one of the Top 7 teams for engagement impact out of 150 nationwide.

PROJECTS

Transportation Management System

Managed end-to-end project control for the implementation of a web-based Transportation Management System (TMS), overseeing system requirement alignment, sprint tracking, UAT coordination, and deployment readiness.

Digital Clinics Apps

Designed and supported the deployment of a Digital Clinics Application that bridged doctors and HR teams, facilitating medical result validation, real-time status tracking, and centralized reporting to improve efficiency and transparency in the MCU process.

Whistleblowing Management System

Served as PMO, delivered project documentations, managing resource allocation and milestone monitoring for an end-to-end secure whistleblowing system built to facilitate safe compliance reporting and optimize internal audit tracking workflows.

Deep Frying Oil Management Apps

Managed project planning, progress tracking, risk monitoring, and stakeholder reporting for the development of an inventory management system that centralized stock movement, distribution monitoring, and resale operations.

Digital Literacy Campaign [↗](#)

Accomplished effective digital literacy education by translating complex IT concepts into understandable materials for non-technical participants, delivering interactive workshops, and mentoring students, measured by reaching 40+ participants, improving digital skills proficiency by 40%, and receiving 95% positive participant feedback.

CoreMates

Conducted user research and designed the UI/UX for a student collaboration platform, creating user flows, wireframes, and high-fidelity prototypes tailored to user needs.

TrackIt [↗](#)

Designed the UI/UX and contributed to development of a Flutter-based finance app with expense tracking, visualization, and savings goals, ensuring usability and efficient collaboration with developers using Version Control (GitHub).

Cita Usaha Chatbot [↗](#)

An educational chatbot innovation platform to help aspiring entrepreneurs or UMKM learn business fundamentals. Led the design and development of an educational AI chatbot for entrepreneurship, recognized as Top 7 for engagement impact out of 150 teams nationwide. Fully documented all requirements and development processes.

SKILLS

Content Development: Converting complex information into clear documentation, Review & Standardization, guideline creation

Tools: Google Suite, Microsoft Word, Jira, Notion, Miro, Draw.io, Figma, Ms Teams

Technical Skills: Python, No-Code/Low-Code platforms, n8n

Core Strengths: Strong writing & editing, attention to detail, project dan product management, cross-team collaboration, problem solving, stakeholder engagement

Documentation & Writing: PRD, BRD, TSD, FSD, User Guides, User Stories, Sprint Reports, Technical Reports, Software Requirements Specification, Test Scenarios

LANGUAGES

English (Professional working proficiency)

ORGANIZATIONAL & VOLUNTEER EXPERIENCE

Project Management Staff	Sep 2025 - Jan 2026
Muda-Mudahan	Jakarta
Contributed to the planning, execution, and evaluation of multiple organizational projects by coordinating with team members, managing timelines, and ensuring deliverables were completed on schedule.	
Core Team	Aug 2024 - Aug 2025
Google Developer Student Clubs Mercu Buana	Jakarta
Collaborated on GDSC Mercu Buana projects and coordinated with stakeholders, achieving a 40% increase in community engagement while managing event planning and execution.	
Mentee	Dec 2024 - Mar 2025
IMpact by Indonesia Mengajar	Jakarta
Initiated and implemented projects that enhanced positive thinking and effective communication skills, resulting in a 30% increase in community engagement.	
Competition Organizer	Mar 2024 - Jul 2024
Mercu Buana English Club	Jakarta
Organized end-to-end competition activities, including concept development, participant registration, technical briefing, judging coordination, and post-event evaluation to ensure successful event delivery.
